# Haiku a Day

A happy Sunday

The smell of pleasant cooking

Food for the whole week.

Issue 13: July 2006

Thomas L. Kula  
The People's Republic of Ames

Once again something weird has happened in Ames. It does this every fall, thousands of people move here and jam the streets and make things break and all in all cause all kinds of pain.

Some year, we have to figure out what causes this, and stop it.
