My poor laser printer decided it's time for it to lose its mind randomly, and complain about paper. Needless to say, when one wants to print a lot of things, it's a bit painful.

It's 2013, and printing still sucks!

Download this and previous HADs at the website, so you can print out your own (DIY, yeah!) or if you want me to send you one, send me your address, and maybe a stamp if you are feeling nice. Or send me something you've made — trades always appreciated, postcards are nice too.
