

HAIKU A DAY

Dawn jerked earlier

By those who muddle with time

Twice-yearly rage wells

too.

1 October 2010

A hiss, imperfect
Cups inside of it perfection
Classical records

2 October 2010

Rust red staining ground
Where a metal pylon strains
Holding back the sky

3 October 2010

What beaten springs up
Stronger than just laying there?
Egg whites become foam

Cider and Doughnut Tour 2010

25 October 2010

The sleep tyranny
A doze haze approaching turns
Awake, not asleep

26 October 2010

The warnings better
Than the storms that they announced
Mother Nature fails

27 October 2010

Pithy sayings stuck
Upon the bumpers of cars
Just do not make sense

28 October 2010

Dancing in the night
Body tired, brain awake
The bed my dance floor

29 October 2010

Like a forest gone
A clean-shaven face is cold
Bare to all nature

30 October 2010

From the library
Night of the Living Tread Five
Zooms into the night

31 October 2010

A strange urge pops up
Make the apartment cleaner
Fall days bring strange thoughts

4 October 2010

A glass jar holding
Tasty fermented delight
Kimchi, I salute!

5 October 2010

Round becomes angles
Smooth fractures, jagged edges
Once high breaks down low

6 October 2010

On the nightstand tall
Casting beams into the night
Lamp, keep shining on

7 October 2010

With a rental car
I feel the urge to pack like
I am invading

8 October 2010

Pounds of Chinese food
More than any one can eat
Neat rows in the fridge

9 October 2010

The store of Norsemen
Providing weird glowy things
The perfect present

10 October 2010

On the stage lights dim
In the spotlight two people
Say important things

11 October 2010

Fancy rental car
Makes me feel like an asshole
And gets bad milage

12 October 2010

Just a few days gone
Yet discombobulation
Rears its fuzzy head

13 October 2010

The brain, warmed by thought
The buzz of research humming Spent, grinds to a halt

14 October 2010

What a vast network
Subterranean, gurgling
Just to get water

15 October 2010

After a long wait
I'm staying where I'm at now
Instead of Pittsburgh

16 October 2010

Once state of the art
This tiny box obsolete
TI-85

17 October 2010

Where did you come from?
Little tack sits on the floor
Causes big ruckus

18 October 2010

Focus emerges
Productive, but a down side
A back full of knots

19 October 2010

My old nemsis
Alarm clock, never happy
Strident tones rebuke

20 October 2010

Dusty smokey crunch
Rustling in the wind, stops
Wet earthy blanket

21 October 2010

Unflinching, the Moon
Outshines even the street lights
Its beam cold like night

22 October 2010

In cold, clarity
The sky opens, stars shine true
Nature glares baldly

23 October 2010

Fog and laser lights
In an overabundance
Lead to a headache

24 October 2010

When exercise has
Doughnuts, cider and a beer
Sign me up for it!
